
Workers at CMP Rangitikei Need Your **SOLIDARITY**

Right now there are over 100 workers at the Canterbury Meat Processors meatworks on SH1 near Marton who have been locked out since 19th October. Why? Because they won't accept a 25 percent pay cut and the removal of important conditions from their collective. The workers are trying to stay staunch, but without any income it's hard. Meanwhile the company is trying to bully them out of a quarter of their pay. We need you to help these workers stay strong. Turn over to see what you can do...

Show YOU are standing WITH THEM

You wouldn't accept this kind of bullying in your workplace. Don't leave the workers at CMP Rangitikei on their own to accept it there.

The workers who have been locked out are prepared to discuss a pay cut - but not like this. The company think that they can force them to agree to their demands. There are 100 staff still working at the plant, including a large group of migrants who risk being deported if they stop work. Already twenty-five workers found they had no choice but to accept the cut and return to work (they were still stood down for a week as punishment).

We can stop CMP behaving so poorly - but we need to stand strong together. There are at least three ways you can help...

- 1** Show your support for the workers' picket on SH1.
 - 2** Visit www.union.org.nz/CMPlockout and join our facebook group.
 - 3** Help the workers in growing hardship without an income and consider donating money. We have set up a special bank account for donations. Name: Disputes Fund. Account number: 38-9007-0894028-08.
